Enameling Plant To Be Enlarged

The Enameling Division of the Electric Inc., has announced plans to enlarge the size of its plant by approximately 50,000 sq. ft.

P. Guilbault, vice president and general manager, said the new plant will cost about \$100,000.

The plant now contains 50,000 sq. ft. of space and employs about 150 persons. Cost of the new plant is estimated at about \$100,000.

The local plant prefabricates panels for construction of stations, drive-ins, stores and buildings.

Local sales over the nation, a nationwide acceptance company's product and of production, is responsible for the enlargement of the plant, it added.

MAN DIED TUESDAY

PEARL RIVER

A 37-year old Pass Christian man died Tuesday morning in Pearl River where he was stranded for several hours when the motor of his boat stalled.

St. Louis Civil Defense Director Bert Steffel said he was about 10 p. m. Monday by Davis Jr. of NASA Security Council that Cary Bufkin, who was fishing camp at Logtown in the afternoon, had fallen from a boat.

At 11:20 two boats were seen from the Old Logtown to begin the search, but the search was abandoned when the motor of the boat stalled.

HOSPITAL TO BEGIN NURSES' AIDE CLASS FEB. 22

Hancock General Hospital will begin a nurses aide class February 22.

Applications are available in the office at the hospital and all applications must be filed before February 15.

Because of new state requirements, no applications on file will be reviewed and all persons interested must file a current application.

All females between the ages of 18 and 45 who are in good health will be considered.

All applicants will be asked to come to the hospital for a personal interview February 15.

The general objective of this course is to provide training for women who cannot, for some reason, go into practical or professional nursing.

This period of training consists of 100 hours of combined study and practical application of bedside nursing done under the supervision of trained personnel along with the experienced aides.

The course will be taught by Mrs. Nolan Ladner, R. N. who is floor supervisor at Hancock General.

Schedule Camellia Show 18-19

Bay-Waveland Garden Club will stage its annual Camellia Show February 18 and 19 at the Garden Center on Leonhard Ave., with Mrs. A. E. Vought and Mrs. Herman Burns as chairmen.

Ben Hille Sr., club president, announced this week.

The show will be open to the public from 3:30 to 7:30 p. m. February 18 and from 10 a. m. to 4 p. m. on the 19.

Entries will be accepted from 8 a. m. to 11 a. m. on the 18.

Any amateur grower may enter blossoms of the Genus Camellia obtained from plants owned and in possession of the grower, in any one or more of the classes outlined below.

Specimen blooms of any one exhibitor are limited to one of any one variety.

A bloom may be wired to its own wood to prevent shattering. Blooms to have one and not more than two leaves.

If only one bloom of a variety is entered, it will constitute a class and it will be judged against the standard of perfection for that variety.

Blue, red and yellow ribbons will be awarded for each variety, provided in the opinion of the judges the blooms are worthy.

Outstanding bloom in the show will be selected by a majority of the judges.

The following is a classification of entries:

Horticulture Division.

Class A -

1. Blooms grown protected.

2. Blooms grown unprotected.

Class B -

1. Plate of three blooms - one variety.

2. Plate of three blooms - different varieties.

Artistic Division - Junior Section.

Class I.

Design reminiscent of early America (for an informal room).

Class II.

Line design - in the spirit of the Orient, using warm colors.

Class III - Corsages.

Adult Section.

Class I - Design reminiscent of early America (for an informal room).

REPORTS SHOW MARCH OF DIMES DRIVE SUCCESSFUL

Many encouraging reports from over the state give evidence that the March of Dimes has been successful, said Dr. A. L. Gray, State Health Officer and State March of Dimes chairman.

Dr. Gray, today, in an appeal to county volunteer workers asked for "intensive effort by all" to assure success in every community and every county.

The health official explained that March of Dimes funds are used to support scientific research to find causes and preventives of birth defects described as the major unmet childhood health problem today. Over four thousand children are born each year in Mississippi with mental or physical defects, Dr. Gray pointed out.

Mrs. Theo Tudury, Hancock County March of Dimes director, has called on all workers in the county to complete solicitations and send their reports in. The campaign director, acknowledging the difficulty in reaching everyone, asks that those who may have been missed, mail their contributions.

Owen Cooper of Yazoo City, associate state chairman for the March of Dimes, commended "the great army of volunteers" who are now fighting birth defects with their time, talents and their money.

"The same kind of superb, scientific research program that produced the Salk and Sabin polio vaccines is now focusing on the problem of birth defects and trained hands that restored so many polio-stricken limbs are now helping birth defect children to walk," he added.

MRS. CAROLINE KIEFER RECEIVES AWARD FOR BEST PLAY

"Tea House of the August Moon," directed by Mrs. Caroline Kiefer, received the award for the best play of the 1964 season at Bay St. Louis Theatre's annual meeting last Thursday night.

NASA AND LOCAL COMMUNITIES AGREE ON MUTUAL ASSISTANCE

GAINESVILLE, MISS. - An agreement for mutual assistance in disasters, fires and other emergencies is in effect between the fire departments of the National Aeronautics and Space Administration's Mississippi Test Operations and six cities near the NASA rocket testing site in southern Mississippi. Also included in the agreement are two paper manufacturing firms who own land in the buffer zone surrounding the test area.

General Electric Co. as support services contractor to NASA at Mississippi Test Operations, is responsible for round-the-clock fire prevention services capable of dealing with structural, brush and forest fires and fires peculiar to space vehicle fuels throughout the 13,424-acre complex that will include test, laboratory and industrial facilities. Special equipment not normally available to fire departments of smaller cities, such as portable generators, acetylene cutting torches, respiratory masks and portable pumps, is maintained.

In liaison with neighboring communities, it was determined that the capabilities of each fire protection organization would be greatly increased if the personnel and equipment of others was immediately available in the event of major fires or other emergencies.

Participants in the mutual aid pact, besides MTO, are Bay St. Louis, Gulfport, Long Beach, Pass Christian and Piquette, Miss.; Slidell, La.; the International Paper Co., and the St. Regis Paper Co.

Henry Williams, Chief of NASA Plant Operations, said the agreement is "an excellent example of cooperation between communities, government and industry for mutual benefit."

Mr. and Mrs. Manfre were over for the weekend.

Mr. and Mrs. Ray Michael Bourgeois and children came from Florida on a surprise visit to his mother Mrs. Lydia Bourgeois and relatives. To make their trip complete, his brother, Leroy, whom he had not seen for a few years came to New Orleans the same night.

Mr. and Mrs. Leroy Bourgeois and son will also be in this area for some time due to a transfer in work to New Orleans.

Mr. and Mrs. Guy Drew will move in their new home next week.

Mr. and Mrs. Rohm Dardenne have been here for a week. He is recuperating from surgery on his face. Mr. Dardenne blacked out while walking on Canal St. His glasses cut into his face causing three broken bones which necessitated plastic surgery.

Mrs. Cornelius Herlihy and daughter Mary Lou and Mrs. Ed Darden motored to New Orleans Monday.

Reduce Your Risk of Heart Attack

☐ **reduce if overweight**

☐ **decrease saturated fats**

☐ **stop smoking cigarettes**

☐ **control high blood pressure**

☐ **exercise regularly**

☐ **shun needless tensions**

YOUR HEART ASSOCIATION recommends the above-listed precautions to reduce your risk of becoming a victim of heart attack. Dieting and control of high blood pressure are to be undertaken only under medical supervision. A seventh suggestion: Support the nationwide fight against heart and blood vessel disease by giving generously to the 1965 Heart Fund, which reaches its high point on the weekend of Heart Sunday, February 21, when more than 1,750,000 volunteers will visit their neighbors to distribute heart-guarding information and to receive Heart Fund contributions.

St. Louis boy and now runs a real Sporting Goods business where most every article for fishing is available and of news to local soft crabs and flounders is the fact that light can be repaired at Pollion's. Now we don't have to send them too far from home to be put in first class shape.

Freddie Fayard Jr., retired aviation officer was home visiting over the weekend with his parents. He is busy straightening out his new home and expects to catch up on his fishing soon.

Was a pleasure to meet Mr. Wm. Francis, Joseph John McDonald and wife at the Pass Christian Isles Golf Club where both are members. Mac is employed at Michoud. Euth are ardent golfers and Mrs. McDonald had a 42, her first. Good going.

James Richard loves his rabbit hunting. He has a couple of good dogs and usually gets his share. Will be making that trip with you soon.

Perre Quintini left Wednesday for his base at Washington, D. C., after a 25-day leave at the Bay with his family. While here Perre enjoyed a few fishing trips with friends and caught some green

trout. Perre is no amateur at fishing and usually gets his share.

It was interesting to talk to C. F. Bond who is now stationed at the Bay, who was telling us how he caught specks, salmon, rainbow trout and grey pike at Aliska. Believe it or not C. F. said, pike are the best eating fish of all. As soon as he gets straightened out he expects to get back to fishing and see what he can do down here.

Tootie Noto is looking ahead to the week off he will have a couple of months from now. Tootie loves his fly fishing and we know he will spend most of his time at his favorite sport. They should be striking good at that time.

Joseph R. King of New Orleans has purchased a home in Waveland. He said he hasn't done much fishing but is eager to learn as from now on he expects to enjoy the life of Riley.

The statistical service of the Boy Scouts of America advises is that our boy populations is now 115,000, an increase of 10,000 since the 1960 census. That's just that many more boys whom we have available as Scouts. And our res-

Why doesn't someone put on a fishing clinic? It would be interesting and informative.

Dick Kotis, president of the Fred Arbogast Company sends along a new leaflet called "How to Stage a Fishing Clinic". Here is a fresh idea to help turn on the fishing fever and make better use of these off-season weeks. Free copies are available from Dick at 213 West North Street, Akron 3, Ohio.

LOCAL SPORTSMAN

"TUT" MONTI

"Tut" as he is most affectionately known by his friends has been hunting and fishing all his life. As a dove hunter, he is hard to beat. A rabbit had better not pass his path. Ducks kept shy of him. But all in all, Tut is a swell guy. On camping trips he fills the number one spot seeing that all have a good time. On the fishing side he always got his share, and as a cook, he isn't too bad either. Plenty more trips, Tut.

COUNTY AGENT'S NOTES

CLEANING EGGS

The first step toward successful cleaning of eggs is to produce as clean an egg as possible.

Here are some ways to help you produce clean eggs and to clean the ones that are dirty.

Allow plenty of ventilation in the laying house to help keep litter dry. Use deep litter on the floor of the house - around 8 inches is recommended for this season. Keep plenty of clean litter in the nests at all times. Ga her eggs often - four or five times a day. Separate the real dirty eggs and wash them separately.

Use a water supply that is free from troublesome minerals, iron, magnesium, hydrogen sulfide. Follow directions on using detergents and sanitizers. Keep washing equipment clean.

DAIRYING

The "MAN" in management is mighty important to successful dairying.

Management is sometimes hard to define, but it can make all the difference in your dairy program. It can determine profits or losses. Management is record keeping to find which cows are paying their way and which are not. Management is good feeding, good breeding and proper milking. The man in management is what makes management work.

LIME

Lime is the best friend a farmer has. Try it sometime and realize the difference in profits.

SOCIAL SECURITY

Want to keep that social security check coming on time? If so, be sure to notify the social security office of any change in your address otherwise, your check may be delayed.

Be sure to include your social security number when writing about a change in address. A notice to the local post office is not enough. Remember, you must also notify the social security office.

GE ENTOMOLOGIST TO PRESENT ILLUSTRATION

GAINESVILLE, MISS.

Frank W. Harden of the General Electric Company, entomologist of the National Aeronautics and Space Administration's Mississippi Test Operations, will make an illustrated presentation to the annual meeting of the Louisiana Mosquito Control Assn. Thursday (Jan. 28) in the State Office Building, New Orleans.

Harden, an employee of GE's Mississippi Test Support Operation, has been engaged in aggressive and effective efforts since May 1964 in helping combat mosquitoes at the NASA rocket engine and stage test facility now under construction. The test site and buffer zone involves 142,000 acres in southern Mississippi and adjoining Louisiana. Harden has also assisted neighboring communities in their plans for organized mosquito control programs.

LIABILITY

TAYLOR, MISS.

Taylor, Miss., has been named as the District Director of the Jackson District, Miss., for the year 1965.

"As a result," Mr. Martin continued, "some individual taxpayers will find that insufficient tax has been withheld during 1964 to satisfy tax liabilities."

Although the deadline for filing 1964 Federal Income Tax Returns is April 15, 1965, taxpayers can file now to enable taxpayers to compare amounts withheld with the total tax due.

1965 PROMISES
EXPANDING DEMAND
FOR FARM PRODUCTS

STATE COLLEGE, MISS. - Another year of expanding demand for farm products is the prospect for 1965, reports Dr. Rupert B. Johnston, leader in agricultural economics of the Cooperative Extension Service, Mississippi State University.

Taking a broad look ahead, he says, "General economic activity may probably continue rising, perhaps not as fast as the robust gain indicated for 1964, but enough to keep national output, employment and consumer income climbing. Export markets also may stay strong."

Most farm costs are expected to rise slightly. This includes feed costs and wages. Fertilizer prices may remain about the same.

Here's the outlook for some major commodities:

Cotton - Allotments for 1965 will be about the same as 1964. Carryover on August 1, 1965 is expected to be larger than a year earlier. Price supports are lower, and prices received by farmers are likely to be down accordingly.

Soybeans - Carryover is up sharply over last year. Production should be about the same as in 1964. Demand remains strong and prices this year should be about the same as last.

Beef cattle - Supply should be about the same, or up slightly. Prices should increase slightly to

Hancock County Chamber of Commerce

NATIONAL
Hancock County Chamber of Commerce would be called on to pay approximately \$100,000 for the purchase of the Hancock County Jail for fiscal 1966, the Mississippi Economic Council estimates.

The MEC said the state is figured to pay 60 percent of total federal spending, which gives the state's estimated share to be \$488,000. This county, using an economic index developed by state authorities in determining tax-paying ability of counties is estimated to pay 74 percent of taxes paid by Mississippians.

"This is an effort to support or oppose the proposed federal spending budget," the MEC said. "In short, it is an attempt to bring home to county citizens just how much they will be expected to pay if the federal budget is adopted."

"We understand spending better if we can relate it directly to our pocketbooks. The economic indexes used to determine the state's share and the share of the individual counties are based on factors that most accurately reflect taxes paid."

"Citizens should realize this economic fact of life: government, at any level, cannot 'give' taxpayers anything; there is no such thing as 'free money'; all government spending comes directly or indirectly from the people. Therefore, it behooves citizens to be conscious of government spending at any level."

The first Junior Chamber of Commerce was organized in October of 1915 at the Mission Inn, St. Louis, Missouri.

RADIO RELAY ROUTE TO GO IN SERVICE

It was announced today by J. C. Dabney, Group Manager, that a new radio relay route between Gulfport and Hattiesburg will go into service within the next few days. This route will be equipped initially to provide 600 additional voice circuits to distant points. The radio relay tower with horn type antenna and circular wave guide has been installed on top of the Gulfport Dial Office located at the corner of 18 Street and 22 Avenue. Radio terminals have been installed in the Dial Office and are connected to the long distance toll office by means of cable. The Toll Office is located at 1415 24 Avenue. The radio relay route is an extension of the one installed between Jackson and Hattiesburg completed in 1963. To complete this route required towers and antennas to be installed at McLaurin, Wiggins, and Sautier. The Gulfport installation represents an investment of approximately \$350,000.00. The total cost for the entire route between Hattiesburg and Gulfport will be \$7,000,000.00. These 600 additional voice circuits will be intercon-

nected with the existing long distance facilities to serve the entire Mississippi Gulf Coast area.

FORTY OLE MISS SCHOLARSHIPS AVAILABLE

UNIVERSITY, MISS. - Forty University of Mississippi summer session scholarships are now available to high school seniors and junior college students who wish to participate in the 1965 Ole Miss Summer Music-Theater Workshop. There are twenty scholarships of \$150 each available in both music and theater. Although a student may be selected to work primarily in either area, he will have an opportunity of working in both if he so chooses. Twelve semester hours of college credit will be earned by participants, six hours for each session. Students interested in participating in the workshop should contact their high school or junior college music or speech teacher for application forms or write: Director of Placement and Financial Aids, University, Mississippi. Deadline for application is April 15, and awards will be made by April 25.

HANCOCK ART LEAGUE HOLDS MEETING

A meeting of the Hancock Art League was held Saturday at the Garden Center on Leonhard Ave. with approximately 18 artists from Bay St. Louis, Pass Christian, Waveland and Clermont Harbor attending.

Katny Dahl, a student at St. Joseph Academy, modeled for a part of the art group and material for still-life was loaned by Lorraine Flower Shop.

Thanks were extended Mr. and Mrs. Howard Adams who will also loan still-life materials for the workshop meetings.

Included in the exhibits were works of the members in pencil, pastel, water color and oil; drawings by the first class of the Art League conducted by Mrs. Hunter Kimbrough and works of Wiley Churchill, artist of Waveland, formerly of New Orleans.

Three paintings donated by Mr. Churchill to be sold for the local Retarded Children's Association are now on display in Hancock Insurance Agency office.

A discussion on beginning the Metropolitan Art Seminar series will be held at this Saturday's meeting at the Center; all members and interested persons are invited.

Art classes for adults are being held on Tuesday mornings and from 3 to 5 p. m. Friday for children at Mrs. Kimbrough's studio.

A number of guests called between 2 and 4 p. m. Saturday to view the exhibits.

FIFTY YEARS OF TRANSCONTINENTAL SERVICE

January 25th marked the 50th anniversary of the first transcontinental telephone call across the United States, according to Mr. J. C. Dabney, Southern Bell's manager here.

"The first transcontinental call was made January 25, 1915, between New York City and San Francisco," said Dabney, "with two additional hook-ups in Washington, D. C. and Jekyll Island, Ga." Alexander Graham Bell made the first transcontinental call from New York City to Thomas Watson, his former assistant, in San Francisco. Bell had talked to Watson on the first telephone call 39 years before in 1876 at Boston.

On the first transcontinental call, hook-ups were connected to Washington, from where President Woodrow Wilson talked, and to Jekyll Island, from where Theodore N. Vail, president of AT&T, talked.

A historical marker (above) will be erected at Jekyll Island com-

MISSISSIPPI POWER ONE OF AREA'S LARGEST TAXPAYERS

Mississippi Power Company, one of the area's largest taxpayers, this week made payment of \$35,873.23 to Hancock County for 1964 ad valorem taxes. A check for this amount was delivered to the Hancock County sheriff by A. H. Gregory, Bay St. Louis local manager.

In addition, a company check in the amount of \$13,635.45 in payment of city taxes was given to the Bay St. Louis city tax collector and another for \$1,414.02 to the Waveland tax collector.

Mr. Gregory said that the franchise payments for the last quarter of 1964 had been made earlier, bringing the total for the year to \$7,073.32 in Bay St. Louis and \$2,730.88 in Waveland. This amount represents 2 percent of the company's gross revenue in Bay St. Louis and Waveland during 1964.

Total city and county taxes and franchise payments amounted to \$60,731.88 for 1964, a substantial contribution to the operation of local government in Hancock County. By comparison, \$56,724.62 was paid in taxes in 1963.

Mr. Gregory pointed out that the increase in payments was the result of a continuing program of construction and expansion of electric facilities to meet steadily increasing customer requirements.

More than \$2.4 million was paid by Mississippi Power Company for 1964 ad valorem taxes alone. Total taxes for the year, including federal, state and local, amounted to approximately \$7.2 million. This required 21.6 cents out of each dollar of revenue received by the company.

BROTHER OF LOCAL RESIDENT DIED

Funeral services for Antoine Torres, 94, brother of Mrs. Francis Lebrun, Bay St. Louis, who died at 12:38 p. m. Wednesday, January 27, were held Friday morning at the House of Bultman, New Orleans, followed by a Requiem Mass at St. Agnes Church. Interment was in Gardens of Memory.

Survivors include four daughters, Mrs. Harry Anderson, New Orleans; Mrs. Frank Ducos, Thibodaux, La.; Mrs. Joel Robichaux, and Mrs. William Steele, both of New Orleans; three sons, A. E. Torres, Ferriday, La.; Fred F. Torres, and Charles A. Torres, both of New Orleans; seven grandchildren; 12 great-grandchildren; two sisters, Mrs. Daniel Hurley, Baton Rouge, La.; Mrs. Lebrun, and a brother, Calise Torres, Morgan City, La.

PICK MR. AND MISS USM FOR 1965

HATTIESBURG, MISS. (Special) Kenny Martin, New Orleans, and Hilda Bullock, Jackson senior, were revealed as Mr. and Miss USM for 1965 at the University of Southern Mississippi's annual Beauty-Charity Ball this week.

Also presented at the gala affair were Southern's top beauties, class favorites, and the Charity Month King and Queen. Providing the music in a gayly decorated University Commons ballroom was Peter Palmer and his 17-piece voices and orchestra.

Named King and Queen of Charity Month were Jerry Cable, Alexandria, Va.; and Sheila Prichard, Jackson sophomore. Chosen as the school's Top Ten Beauties in campus-wide elections held Monday and Wednesday and announced at the Ball were: Miss Bullock; Vicki Coles, Decatur, Ga.; Mari Longino, Poplarville; Linda Luke, Carthage; Kathy Miller, Mobile, Ala.; Royce Ann Siegrist, Mason City, Ill.; Sherry Thomas, Grenada; Judy Walker, Center, Texas; Cindy Watlington, Laurel; and Donna Lee Field, Fluker, La. Beauties are: Nancy Archer, Long Beach; Kay McLeod, Pascagoula; Sally Waters, Park Ridge, Ill.; Betty Lee Shelton, Belzoni; Peggy Malone, Gulfport; Joan Kinnebrew, Vicksburg; Kay Newman, Natchez; Bonnie Turi, Mobile, Ala.; Pennie Sue Webb, Bay St. Louis; and Linda Mann, Jackson.

Class favorites, who were also presented at the Ball, are: Senior, Sandra Jackson, Bogalusa, La.; and Larry Ewyer, New Orleans; Junior, Mari Longino, Poplarville; and Rascal Odum, Hattiesburg; Sophomore, Charlotte Herzog, Lake Providence, La.; and Jim Weaver, Tupelo; Freshman, Percy Malone, Gulfport, and John McCarty, Laurel.

memorating the historic call. The marker will include a plastic-enclosed replica of a 1915 telephone and an explanatory legend about the role of Jekyll Island in the first transcontinental telephone call.

On the call, Bell talked first with Watson, then Vail and other statesmen and government officials. The call was relayed across the continent, President Wilson conveyed his congratulations to Bell. "It appears to me the imagination to speak across the continent."

Fifty years ago, it took about 20 minutes to complete a call between New York and San Francisco. Today, it's a matter of seconds. Today's calls cost \$2.25 (only \$1.00 if placed after 3 p. m.) compared to \$20.70 in 1915.

The transcontinental call was the first of many. It led to the development of long distance service and the expansion of history.

HOME AGENT'S NOTES

What are food and clothing and furnishings going to cost in 1965? Will I be able to make my money go further? Or will rising prices eat up my efforts at economy?

The statements on prices that follow came out of the National Out-look Conference in Washington. They will give you some hints on what you can expect regarding prices during 1965.

In regard to food prices: Retail food prices may not rise as much as in 1964. Increased production of fruits and potatoes are expected to ease prices on these items. Meat prices will remain about the same.

Prices of highly processed foods such as cereal and bakery products will, no doubt, continue to increase. Prices of food eaten away from home will probably continue to rise, but more slowly than in recent years.

CLOTHING

The retail price level for clothing will probably edge up. Possible rise in prices for wool apparel and leather shoes. May be decrease in cotton apparel and silk garment prices or at least a leveling of prices.

Attempts will likely be made by industry to boost sales of clothing and textiles in higher price lines. Possibly there will be discontinuance of some lower-priced lines.

HOUSEHOLD EQUIPMENT

No expectation of price increase or decrease among various items of household goods. In household appliances and electronic equipment, no major price drops are foreseen even with a continued high production of these products.

HOUSE FURNISHINGS

Most house furnishings will rise in price from 3 to 5 percent. Furniture, sheets, blankets, bedding up about 2 percent. Floor coverings up about 4 or 5 percent. Wool carpet may be up about 5 percent. Nylon carpet may be down about 5 percent.

HOUSING

Rising cost of residential construction has been the trend since 1960. No indication of change in trend. A modern, pre-engineered steel tree house for children is owned by a Pennsylvania family. It features steel pipe legs secured in concrete, an eight-foot non-skid steel floor, steel roof, a ladder with non-skid rungs and side rails all around. In the center a circular opening leads to a fireman's ladder for quick exits.

The Mississippi Jaycees, now 3, 300 strong, work for community betterment in 89 communities in the state.

SPIRITUAL FOOD FOR THOUGHT

by Rev. Don Click

When Jesus was tempted by the devil in the wilderness of Judaea to turn stones into bread he answered with these words as recorded in the Gospel of Matthew: "Man shall not live by bread alone, but by every word that proceedeth out of the mouth of God."

We forget and neglect this bible truth in our day to day life. Man has two natures that he feeds, a spiritual nature and a fleshly or carnal nature. All too often we let the carnal nature dominate our lives. We live by bread alone. All our thoughts and all our actions become food for the carnal nature. Our main concern is for food and pleasures to satisfy the lusts of the

carnal nature. We are the case by attending work, prayer and obeying God's law. We can feed the fleshly nature, but the spiritual part of the carnal person feeds the other nature.

Star-spangled way to sweeten up your future

The old American proverb says, "money isn't everything, but it sure helps."

And that goes double for the money you put in U.S. Savings Bonds. Because this money helps two ways.

First, it helps your future. Putting youngsters through college. Building homes and summer cottages. Buying cruises for you and the spouse. You dream it, Bonds can deliver it.

Second, it helps your country now, by making Uncle Sam a stronger influence in an unsettled world.

Your fellow Americans have tucked over 48 billion dollars into U.S. Savings Bonds. Why not join them? There's no safer investment anywhere in the world.

Keep freedom in your future with U.S. SAVINGS BONDS

The U. S. Government does not pay for this advertisement. The Treasury Department handles the advertising campaign and this newspaper for their patriotic support.

VFW MEETING
Veterans of Foreign Wars met last Thursday night at the Garden Center.
District Commander Dominic Lepari, Biloxi, and District One Quartermaster W. L. Kirk, Pascagoula, met with the group.
Mr. Kirk discussed the new life insurance plan.
The group also discussed changing the name of the Post and while names of veterans killed in combat were considered, nothing definite was decided.
It was reported a large amount of clothing, household articles and furniture were collected by the Post for the Saunders Bell family who lost their home and all belongings in a recent fire.
The Post and the Bell family expressed appreciation to everyone for their help.
A joint district meeting for Post and auxiliary members is scheduled for February 21 in Gulfport.
District One and Two will hold their convention at the Biatcha Vista Hotel, Biloxi, some time in early spring. The dates will be announced later.
The local Post will hold its next meeting February 25.
